Figma, Photoshop, Illustrator

Professional Experience

2021 - 2023

UX Design

Worked on many different projects, mobile apps, web apps and websites. From the research process to HiFi prototypes worked for clients from the HR business, Museums and foundations and other small companies. Before this I mainly worked a lot on developing wireframes and prototypes. In addition, I made several designs for landing pages (and other subsequent detail pages).

Trive Technology (Amsterdam)

2016 - 2017

Graphic/Media Designer

Worked on projects that are about pure branding and appearance. Before this I worked a lot on logos, brand books (guidelines). In addition, I also worked on related media expressions such as posters, possibly also advice on branding for a renewal of the website.

Affordable Media (Haarlem)
